----INVITE UPDATED ONLY TO REFLECT THAT FOR THOSE IN THE O'NEILL BUILDING WE WILL BE MEETING IN MIGHTY HICKORY CONFERENCE ROOM FOR OUR 2-3PM USG ONLY PRE-MEETING TELECON. WE LOOK FORWARD TO THE DISCUSSION THEN. MANY THANKS!----

Hi All,

Thanks to everyone who took a moment to respond regarding availability for our USG only call now set for May 11. All that responded were available for the 2-3pm ET time slot while several could not make the other option from 1-2pm. As such, we will meet as one large interagency team (the real fun part of our world serving the mission best!) by telecon this Thurs May 11 from 2-3pm ET (conf rm TBD for BARDA and ASPR colleagues in the O'Neill building). We will work together to align on issues related to Oxitec's regulatory path forward given what appears to this novice, aka me, to be a world that involves dual regulatory jurisdictions. Several requested this pre-meeting so that we can align for a unified front in anticipation of the meeting with Oxitec/Intrexon on May 17. This will also be important to accomplish together given Oxitec's desire to begin the field study soon, as the peak of the mosquito season approaches. Please feel free to forward along this invite to others within your respective groups, as needed. Dial-in numbers follow:

We look forward to a very interactive and open discussion in an informal setting for our May 15 telecon, as well as to making progress together then. Easy to reach by email or to cell 301-996-5102 in the interim. Much appreciated!

Best,
John
